V. Comprehensive risk assessment

Comprehensive risk assessment rating for Q4 2018: A; the result for Q1 2019 will be disclosed in the 2nd quarterly solvency report of 2019.

VI. Risk management status

(I). The latest CIRC solvency risk management assessment of the company

In 2017, the Company received 78.96 points in the regulatory SARMRA assessment. The same score, as per regulatory notice, was used as the result for 2018 SAMRA assessment. To be specific, 78.96 consisted of 14.07 points for risk management infrastructure and environment, 7.54 points for risk management objectives and tools, 8.02 points for insurance risk management, 8.00 points for market risk management, 8.00 points for credit risk management, 8.36 points for operational risk management, 8.08 points for strategic risk management, 8.22 points for reputation risk management, and 8.68 points for liquidity risk management.

(II). Measures taken to improve solvency risk management (if any) and the latest results in the reporting period.

As per Insurance Companies Solvency Regulation Standards No. 11: Solvency Risk Management Requirements and Assessment, and in view of its own risk profiles and risk management status, the Company focused on 3 tasks to improve its solvency risk management systems, namely, updating its Risk Appetite, amending rules and policies and upgrading measures. First, the Board of Directors and Management Committee reviewed and approved the Company's Risk Appetite Statement for 2019, which sets out risk categories and functional limits for each of these categories it is willing to tolerate in the fulfillment of annual business targets, ensuring the prevention of major risks, helping functional departments and business units to make business decisions based on risk limits, so that the Company's business operation can be aligned with its Risk Appetite Framework, which, in turn, contributes to the fulfillment of annual strategic objectives; second, the

Company updated for the 4th time its solvency risk management systems, reviewed all risk management rules and policies and optimized key management procedures based on results of implementation effectiveness evaluation and an assessment of risk exposures in 2019, and in compliance with regulatory requirements and Group integrated risk control framework; third, on the basis of a thorough review of risk profiles as of the end of 2018, it identified key areas of risk management in 2019, and drew up the Risk Management Work Plan for 2019, setting out targeted measures and initiatives. The risk management in 2019 will closely follow the plan.
